### Home Fire Safety Checklist

Get together with your family and make sure your home is fire safe!

- Is there a working smoke alarm on every level of your home and outside each sleeping area?
- Have your smoke alarms been tested within the last month to make sure they are working?
- Have the batteries in your smoke alarm been changed in the last year?
- Does your family have a home escape plan?
- Have you practised your home escape plan in the last six months?
- Do you have plans to replace any smoke alarm that is older than 10 years?
- Does everyone in your family know what to do when the smoke alarm sounds?
