FOOTNOTES

- ¹ The following years contain crime data estimates.
- In 2001, the data include estimates for the Cities of Vancouver and Port Moody. For each jurisdiction, the estimates cover the phase-in period required for PRIME-BC. The estimates for Vancouver cover the reporting period of February to April 2001 and are based on the Department's 2000 reporting under the UCR Incident-Based Survey. The estimates for Port Moody cover the reporting period of March to April 2001 and are based on the Department's 2000 reporting under the UCR Survey.
 - In 2003, the data include estimates for the Cities of Victoria and Richmond. The estimates for Victoria cover the reporting month of December 2003, while the estimates for Richmond cover the reporting months of May and July 2003. The estimates are based on each Department's 2002 reporting under the UCR Survey.
 - In 2004, the data include estimates for the jurisdictions covered by the "West Kootenay's PRIME-BC Sign-on". These include Nakusp Prov, Castlegar Mun and Prov, Kaslo Prov, Trail Mun and Trail & Greater District Prov, Boundary Prov, Nelson Prov, Slocan Lake Prov and Salmo Prov. For each jurisdiction, the estimates cover the phase-in period required for PRIME-BC. The estimates for Nakusp Prov, Castlegar Prov and Kaslo Prov cover the reporting period of April to December 2004 while estimates for the remaining jurisdictions cover the reporting period of May to December 2004. The estimates are based on each Department's 2003 reporting under the UCR Survey.
 - In 2005, the data include estimates for the municipalities of West Vancouver, and Abbotsford as well as the jurisdictions covered by the "Capital Region PRIME-BC Sign-on". For each jurisdiction, the estimates cover the phase-in period required for PRIME-BC. The estimates for West Vancouver cover the reporting months of February and March 2005 while the estimates for Abbotsford cover the reporting period of February to April 2005. The estimates for the jurisdictions covered by the "Capital Region PRIME-BC Sign-on" were applied in the following manner: estimates for Langford Mun, Sooke Mun and Prov, View Royal Mun and Colwood Mun cover the reporting period of March to October 2005; estimates for West Shore Prov cover the reporting period of March to December 2005; estimates for North Saanich Mun, Sidney Mun and Prov cover the reporting period of April to August 2005; while estimates for Outer Gulf Islands Prov and Saltspring Island Prov cover the reporting period of April to October 2005. The estimates are based on each Department's 2004 reporting under the UCR Survey.
- ² Theft and mischief/property damage offences are classified according to the value of goods stolen or property damage done. These types of offences are divided into over and under \$5,000 categories. The data shown are the total of these categories.
- ³ The incidence of prostitution offences is highly sensitive to changes in police enforcement practices and it is this factor that largely contributes to any increase or decrease in these offences.
- ⁴ OCC: Other offences include Criminal Code offences not covered by a specific UCR offence category (e.g., breach of probation, extortion, computer/data mischief, uttering threats, criminal harassment, etc.).
- ⁵ The incidence of offences under federal statutes (excluding drugs) is highly sensitive to changes in police enforcement practices and it is this factor that largely contributes to any increase or decrease in these offences.
- ⁶ The following years contain traffic data estimates.
- In 2001, the data include estimates for the Cities of Vancouver and Port Moody. For each jurisdiction, the estimates cover the phase-in period required for PRIME-BC. The estimates for Vancouver cover the reporting period of February to April 2001 and are based on the Vancouver Police Department's 2000 reporting under the UCR Incident-Based Survey. The estimates for Port Moody cover the reporting period of March to April 2001 and are based on the Port Moody Police Department's 2000 reporting under the UCR Survey.
 - In 2003, the data include estimates for the Cities of Victoria and Richmond. The estimates for Victoria cover the reporting month of December 2003, while the estimates for Richmond cover the reporting months of May and July 2003. The estimates are based on each Department's 2002 reporting under the UCR Survey.
 - In 2004, the data include estimates for the jurisdictions covered by the "West Kootenay's PRIME Sign-on". These include Nakusp Prov, Castlegar Mun and Prov, Kaslo Prov, Trail Mun and Trail & Greater District Prov, Boundary Prov, Nelson Prov, Slocan Lake Prov and Salmo Prov. For each jurisdiction, the estimates cover the phase-in period required for PRIME-BC. The estimates for Nakusp Prov, Castlegar Prov and Kaslo Prov cover the reporting period of April to December 2004 while estimates for the remaining jurisdictions cover the reporting period of May to December 2004. The estimates are based on each Department's 2003 reporting under the UCR Survey.
 - In 2005, the data include estimates for the municipalities of West Vancouver, and Abbotsford as well as the jurisdictions covered by the "Capital Region PRIME-BC Sign-on". For each jurisdiction, the estimates cover the phase-in period required for PRIME-BC. The estimates for West Vancouver cover the reporting months of February and March 2005 while the estimates for Abbotsford cover the reporting period of February to April 2005. The estimates for the jurisdictions covered by the "Capital Region PRIME-BC Sign-on" were applied in the following manner: estimates for Langford Mun, Sooke Mun and Prov, View Royal Mun and Colwood Mun cover the reporting period of March to October 2005; estimates for West Shore Prov cover the reporting period of March to December 2005; estimates for North Saanich Mun, Sidney Mun and Prov cover the reporting period of April to August 2005; while estimates for Outer Gulf Islands Prov and Saltspring Island Prov cover the reporting period of April to October 2005. The estimates are based on each Department's 2004 reporting under the UCR Survey.
- ⁷ In 2004, the Vancouver Police Department revised its reporting procedures relating to incidents of impaired operation. As a result of those revisions, the department now reports not only those incidents resulting in charges, but also those incidents cleared by other means through the issuance of roadside suspensions. This situation resulted in almost 2,000 additional impaired operation offences being reported in 2004.

DATA QUALIFIERS

1. The data contained in this publication have been recorded by the police according to the Uniform Crime Reporting (UCR) Survey crime and traffic scoring rules. If a single criminal or traffic incident contains a number of violations of the law, only the most serious one is recorded for UCR purposes (MSO Rule). The number of crime and traffic offences represents only those criminal or traffic offences reported to or discovered by police which, upon preliminary investigation, have been deemed to have occurred or been attempted. These data do not represent or imply a count of the number of charges laid, prosecutions conducted, informations sworn or convictions obtained. Parking violations or those traffic violations normally dealt with through ticket procedures, i.e., violation tickets (VTs), are not included in any traffic data.
3. The crime rate is defined as the number of Criminal Code offences (excluding traffic offences) per 1,000 population. Population figures are estimates based on the results of the 2006 Canada Census.
4. The number of offences cleared represents the number of offences solved by the police. Offences are cleared by charge when the police file a Report to Crown counsel (RCC) recommending charges. This does not necessarily imply the swearing of an information or prosecution as Crown may return the case to police due to insufficient evidence or take no further action. Offences are cleared otherwise when the police have identified an offender and have enough evidence to support a charge, but do not recommend charges. Offences are cleared otherwise in specific situations, such as, the offender was under 12 years of age, the victim was uncooperative, the offender had diplomatic immunity, or the offender was previously sentenced for similar crimes. **It should be noted that in 2000, the RCMP implemented PIRS reporting changes governing the clearance of an offence by other means. These changes stipulated that records could no longer be validated and cleared by other means without police inputting a suspect's name and date of birth. As a result, from 2000 onward, the number and rate of offences cleared, especially those cleared by other means, has decreased.**
5. The clearance rate is defined as the number of offences solved by police as a percentage of the number of offences reported by police. Caution should be used in the interpretation of clearance rates because the number of offences reported and the number of offences cleared within the same calendar year are not necessarily linked. Offences may be cleared or considered solved many months or even years after they are reported to police. Consequently, within the same reporting year, it is possible that the number of cleared offences exceeds the actual number of offences, resulting in clearance rates of over 100%.
6. The number of persons charged represents the number of people for whom the police have filed a Report to Crown counsel (RCC) alleging responsibility for an offence. An RCC does not necessarily imply the swearing of an information, or the prosecution or conviction of an individual as the Crown may return the case to police due to insufficient evidence, take no further action, approve diversion or alternative measures, or in the case of young offenders (youths), issue a letter of caution. Under the provisions of the Young Offenders Act, a young offender is defined as any individual under 18 years and over 11 years of age.
